

CALL FOR STUDENT PAPERS – FAPMS 2024 MEETING

The FAPMS 47th Annual Training Conference will be held October 7-10, 2024 in Daytona Beach, FL. We are looking for papers on herbicide application and mechanical techniques (aquatic, natural area, and right-of-way), mixtures, innovative control measures, re-vegetation projects, new exotic plant introductions, research projects, etc. We welcome talks from researchers, scientists, and/or students – in short, anyone involved in aquatics! You don't have to be a professional speaker to present a paper! Remember, FAPMS was formed for the aquatic plant manager and the annual training conference is a chance to share what you have learned with other members. **All registration fees will be waived for students who present during the general sessions.**
